Smithfield Child Outreach will be coming to Breezy Knoll to screen **all 3-5 year olds**, regardless of the town they are from.

**Reminders**

- ◆ Please remember to send in a jacket, **hat and mittens** for your child. The mornings are very cool when the children go outside. It would be **very** helpful if your child had an extra pair of mittens or two, as they are easily misplaced.
- ◆ Please be sure that your child's spare set of clothes is suitable for the cooler weather. Please include underwear and socks. Thanks!

**SNOW CANCELLATIONS**

Please check your local television stations for notification of the cancellation/delay process due to inclement weather. Attached is a complete listing of the participating stations. If you choose, you can register to be personally notified on your home or cell phone, PDA or email address. The simple registration form is available on the websites of participating radio and television stations. Please see list attached.

**Quotes of the month**

"Children don't need more things. The best toys a child can have is a parent who gets down on the floor and plays with them." *Bruce Perry*  
 "Creativity is now as important in education as literacy." *Sir Ken Robinson*

**Did you know...** At **18 months**, most children can drink from a straw. By **24 months**, most children can recognize some body parts (e.g., pointing to eyes, ears, and nose when asked). By **36 months**, most children can calm themselves after a temper tantrum in a reasonable amount of time with caregiver assistance. By **48 months**, most children can engage, with support and modeling in conversations of at least three turns, with each exchange relating to and building upon what was said previously. By **60 months**, most children can engage in higher order thinking during shared reading experience, such as making predictions and inferences, determining cause-and-effect relationships and summarizing stories.
